Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Monday 05 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Breezy with wintry showers in east. Frosty in west.

This Evening and Tonight:
Mainly dry, clear especially for the west of the region. Winds strongest along the coasts, where some scattered wintry showers are possible, but still a little breezy inland. Very cold with a widespread frost. Minimum temperature -4 deg C (25 deg F).

Tuesday:
A cold and windy day with sunny spells and scattered snow showers. These will be most likely over higher ground where temporary accumulations are possible. Widespread overnight frost. Maximum temperature 4 deg C (39 deg F).

Outlook for Wednesday to Friday:
Dry but less cold Wednesday, rain overnight. Windy with outbreaks of rain Thursday, feeling slightly milder. Turning cold again Friday with a risk of wintry showers and gusty winds.
